Scenario	Intervention focus	Main restrictions
PC	Limited additions, ground release, and height redistribution on developer-labelled buildings; setbacks on public assets; access improvements for residents	Protected buildings and unknown-label buildings remain unchanged
DG	Additions, ground release, and volume splitting on developer-labelled buildings	Residential buildings allow only low-intensity access improvements
RH	Ground release or height redistribution on developer-labelled buildings; low-intensity improvements to public assets and housing	Intensive residential modifications are restricted
